Directions: Here are the directions to our lodge, from Tagong. On the map, the red line is walking, and the green line is driving.

Walking Directions:
From the Tagong Temple front, start to walk around the temple to the west, clockwise. Take the first alleyway to the river side (to the left). Cross the foot bridge and turn right on the dirt road beyond. Follow this road. It will take a turn up a side valley to the left. Walk another hour to a small temple/village on your right, just after a small bridge. Don't go into the village; continue on the road. Also don't turn left just after the bridge; go straight. You will come in about 100 meters to a large new stupa on your right. This is your landmark. From there, get off the road and head straight up the hill behind the stupa. You need to find the saddle of the hill; do not climb the mountain behind the temple. Keep looking up and go to the place where the sky seems lowest above the hill! You must get to the saddle, the lowest crossover point!
From there, follow the clear horse trail to your left down into the valley on the other side. When you reach the car road (concrete) turn left. Our lodge is big house-in-progress by the road about 1km on.

Driving Directions:
From the town on Tagong, head noth on highway 215 toward Bamei. You will pass the Golden Stupa and the turnoff to the airport road. Continue 2 more kilometers till you see a blue sign with white letters, with the characters "日沙村", RiSha. Turn left onto the bridge, and then continue on the concrete road, straight, for 8kms. Do not turn right! You will have to pass through a narrow blockade which stops trucks. You will pass the nomad settlement project, and go under a large powerline. You'll cross a small steel bridge. After this, the lodge is the first and only house on the left, and the only house by the road at all. It is about 3 kms from the steel bridge, and 8 kms from the highway.

从塔公开始：215国道往北走，八美方向. 两个半公里后，左拐上桥。招牌有写"日沙村"。一只跟着小水泥路直走8公里，前往不要右拐。继续直走到山谷里面。你们会过一个第二个小桥。过第二个桥后三公里客栈在左边，路旁边的第一个房。
